## **OBJECTIVE STATEMENT**

Strategic and detail-oriented professional with over ten years of experience bridging the finance and supply chain management gap. My expertise lies in optimizing financial performance and streamlining supply chain operations to drive organizational efficiency. I bring a robust understanding of financial reporting, budgeting, and compliance and a strong background in supply chain logistics, procurement, and inventory management. Known for my analytical skills and ability to implement data-driven solutions, I excel at managing complex processes, enhancing cross-functional collaboration, and delivering actionable insights. Driven to promote continuous improvement and corporate success by utilizing supply chain and financial knowledge.

## **Summary Qualification**

- Proven track record of managing the end-to-end order fulfillment process, from order entry to delivery, ensuring accuracy and timeliness.
- Experience in including ERP systems (e.g., SAP), Power Query, and Power Pivot and advanced knowledge of Microsoft Excel using VBA Macro
- Outstanding attention to detail and the capability to quickly spot and address order discrepancies and problems.
- Strong focus on meeting customer expectations and providing timely answers to questions and complaints.
- Ability to bring financial insight into supply chain operations.

## **WORK EXPERIENCE**

### **Sheet Operator Helper**

**Jones Healthcare Group – London, ON**

**October 2023 - Present**
